

Department of Physiology and Biophysics
School of Medicine
D340 Medical Science I
IRVINE, CALIFORNIA 92697-4560

A Postdoctoral position is currently available at the Departments of Physiology/Medicine of the University of California-Irvine, for a PhD with experience in cell/molecular physiology or biology. Our NIH supported investigations focus on transport mechanisms and regulation of dietary and microbiota - generated water-soluble vitamins in the digestive organs in health and disease. Our lab is located at the campus of the School of Medicine of the University of California, Irvine. The successful candidate should have experience in modern cellular/molecular biology techniques and has good communication skills. Salaries are competitive and commensurate with experience. Candidates interested in a fast-paced and exciting environment are encouraged to apply.

Inquiries about the position should be directed to:

Hamid M. Said, Ph. D., Pharm. D.
Vice-Chairman for Research, Department of Medicine
Professor Above-Scale of Medicine and Physiology/Biophysics
University of California-School of Medicine
Irvine, CA

Senior Research Career Scientist
VA Medical Center
Long Beach, CA

Email at hmsaid@uci.edu.

Applicants should complete the application profile and upload the following application materials electronically to be considered for the position: <https://recruit.ap.uci.edu/apply/JPF04530>

1. Cover letter
2. Curriculum vitae
3. Names and contact information for 3 referees

Applications will be considered until the position is filled.
