

Company Background

Tessa Therapeutics is a biotechnology company specializing in the research, clinical development, and commercialization of cancer immunotherapy treatments. We are a global leader in employing Virus-Specific T cells (VST) to treat cancer. We are currently conducting the world's first US FDA-registered Phase III T cell therapy trial in NPC, or any cancer indication. We have multiple recruitment sites in the following countries: Singapore, Malaysia, Taiwan, Thailand, and the US. In addition, we have a robust pipeline of both pre-clinical and clinical treatments, targeting multiple cancer indications.

Our mission is to cure cancers and save lives with our innovative and widely accessible immunotherapies. You can find out more about the company by visiting our web site, www.tessatherapeutics.com.

We are looking for high motivated and enthusiastic individuals who are interested to be part of our Research & Development team.

Job Position

Mouse Scientist

Reports to

Chief Scientific Officer

Job Description

- Support the development of cancer immunotherapies utilizing murine models
- Establish tumours in murine models
- Involved in the pre-clinical development of novel T cell-based therapies
- Design and conduct experiments to assess the qualities of immunotherapy against tumour targets
- Isolate and assay primary leukocytes from murine models using techniques including flow cytometry, proliferation assays, PCR, RT-PCR, sequencing, and T cell cytolytic assays
- Maintaining detailed laboratory records and ability to analyse data

Requirements

- Bachelor Degree in Biological Science or science related with at least 2 years of post-bachelor's laboratory research experience with mouse model, immunology and molecular biology techniques
- Possess experience in handling animals and murine tumour models
- Strong analytical skills and possess good scientific writing and presentation skills.
- Strong background in flow cytometry and cell culture
- Proficient in Microsoft office such as Microsoft Power Point and Excel
- Good communication skill and able to be a team player
- Open-minded, passionate, and pro-active skills

If you like to refer someone to be part of Tessa's family, please submit a detailed resume to hr@tessatherapeutics.com indicating your last drawn salary, expected salary and availability.

Recommend a friend and get rewarded for every successful appointment. Terms and Conditions apply.
